

District 8 Report:

I am proud and please to announce that we have elected Susan B (the Alternate DCM for District 8) to be the next DCM for District 8 after I rotate out for Panel 70. Good luck and best wishes Susan!

We held our districts first Public Information/Cooperation with the Professional Community event for all home groups within our district to come and learn and hear about the new and exciting service opportunities that the committee has to offer along with what our efforts entail. A few people attended and there seemed to be at least two folks interested I signing up.

At our district meeting, we formulated a budget for 2020 that we are proposing to the Area 50 Finance Committee and Treasurer and hope that there will be full transparency and guidance on the outcome.

Finally,
ALL other district officers will remain in place for at least another year to allow for continued growth and development of our district committees and fellow members.

It has been a pleasure and honor of serving as DCM for District 8 for the past years and I look forward to the adventurer that lies ahead!

Submitted Respectfully,
Cory E
District 8 Outgoing DCM
