

Delegate Area 50 General Service Assembly

Guidelines of Operation

(supplemental to the A.A. Service Manual)

Preface

The 2007 Delegate Area 50 General Service Assembly's group conscience determined a need to develop new guidelines for the Area 50 GSA and its operation (supplemental to the A.A. Service Manual). An ad hoc committee was formed and this document was assembled for presentation, review and acceptance by the groups represented at the assembly. Over various periods of time, (approx. 1989 through 1997) different sets of guidelines were written for various Area 50 GSA functions. The written guidelines were not contained in one central document and were scattered at best.

The 2007-2010 Area 50 GSA guidelines ad hoc committee amended the guidelines from the following years: 1989, 1990, 1992 & 1997.

Section 1 – Welcome to the new GSR

Welcome to your new commitment as an Area 50 GSR!

Area 50 GSRs have specific responsibilities related to their commitment that are not listed in the GSR pamphlet.

These include:

- Attending all assembly meetings and giving a report of the meeting to their group.
 - Assembly meetings are an essential part of your commitment. Assemblies are typically held in **January, March, April, June, August, (September in odd numbered years for officer and committee chair elections), October and November.** If you cannot attend the assembly meeting, it is suggested that you send an alternate or another group member in your place.
- When necessary, making arrangements for a Group Inventory Meeting.
- Encouraging group members to become active in the numerous service committees in Area 50.

Service Sponsors

Hopefully you have a sponsor that is engaged in all three legs of the A.A. triangle. If not, it is suggested that you get a Service Sponsor. A service sponsor is much like your regular sponsor in that he or she will provide guidance and suggestions for you regarding service. Rather than focusing on the steps, your service sponsor will help you understand A.A.'s Twelve Traditions. A service sponsor can be someone from your home group or someone you know who has been active in service. Many of the Area 50 GSRs, DCMs, Committee Chairs and Officers are available to act as a service sponsor. Don't hesitate to ask someone!

Remember: You are the vital link between the larger organization of A.A. (specifically Area 50) and your home group.

Area 50 and your home group benefit through your active participation in fulfilling your commitment. *"People who do service work stay sober!"*

District Committee Member

The district committee member is an essential link between the group GSR and the area delegate to the General Service Conference. As leader of the district committee, made up of all GSR's in the district, the DCM is exposed to the group conscience of that district. See page S31 of your AA Service manual.

Section 4 – A Guide to the Application of Parliamentary Procedure for Area 50

A. MOTION

1. A motion can be made from the floor by any voting member of the Assembly so long as there is no other issue already being considered.
2. An *Area Committee recommendation* is considered seconded already. This is because committees consist of more than one voting member.

B. SECOND - (If there is no second, the motion dies.)

C. CHAIR RESTATES MOTION - “It has been moved and seconded that” (state the motion).

D. DISCUSSION BEGINS

1. If all comments favor the motion, the Chair may ask “Is it the sense of the assembly that the motion be adopted?” If there is no opposition, a vote should be taken. If there is opposition they need to speak to the motion.
2. A reasonable opportunity is given for all to speak on the motion.
3. As discussion dies, the Chair states: “There being no further discussion we will vote on the motion ... ”
4. **CALLING THE QUESTION** - After discussion has begun, any voting member may Call the Question. A second is required and there is no discussion. The Chair will ask for a vote on the Motion to Call the Question. If adopted, the Assembly will move to **VOTE** on the question, otherwise **DISCUSSION** resumes. Please remember that a reasonable opportunity should be given for all to speak before making a Motion to Call the Question.
5. Not all MOTIONS result in a **VOTE**. Subsidiary motions requiring a second include:
 - a) It can be **AMENDED**. The amendment is discussed and voted on, or accepted by the originator as a friendly amendment. Then discussion of the original motion resumes.
 - b) It can be **TABLED**, or postponed, either *definitely* to a set time or place, or *indefinitely* with no set time or place.
 - c) It can be **REFERRED TO COMMITTEE** with or without instruction.

E. VOTE - The Chair should restate the motion, then choose a verbal or hand vote. If a verbal vote is difficult to determine, a show of hands should be taken and counted. In general a 2/3 (66.6%) vote is suggested to adopt a motion. The Chair announces the outcome of the vote.

F. MINORITY OPINION - The Chair asks, “Does anyone in the minority wish to speak?” Only those who voted in the minority may speak, defined by the following criteria:

1. If a motion has passed, only those who voted against may speak.
2. If a motion has failed, only those that voted in favor may speak.
3. If a person abstained from voting, they do not speak at this time.

G. MOTION TO RECONSIDER

The Chair asks, "After hearing from the minority, is there anyone who voted that is from the majority who wishes to change their vote?". (If YES) then state: "Do I hear a Motion to Reconsider?"

1. This motion must be seconded and is then discussed. After reasonable discussion, the Chair will call for a vote. Only a simple majority (over 50%) is necessary to reconsider.
2. If a Motion to Reconsider is passed, resume **DISCUSSION** on the original motion.
3. A motion cannot be reconsidered twice.

Study and practice of the Twelve Steps, the Twelve Traditions and the Twelve Concepts for World Service provide useful tools for protocol. Practice of our basic principles helps us to function at our best. Parliamentary procedure ensures courteous and orderly exchange amongst voting members. They are here to serve, not stifle, the Assembly.

Section 8 – General Service Area 50 Conventions & Events

A. The Assembly's Responsibilities

1. The General Service Assembly will accept offers from any of the districts, on a rotating basis, that would like to host the upcoming GSA event.
2. At least 18 months before the General Service event is to occur, the General Service Assembly should pick the site for the event within Area 50. This will give the GSA Event Committee an opportunity to reserve the hotel they want as well as the dates they have chosen. It will also give the area involved a chance to request a change in area in the event there is some legitimate reason they cannot undertake this responsibility.
3. Once the event site has been selected, the area involved should be notified by the General Service Secretary and or the Assembly.
4. Seed money for Area 50 General Service Assembly sponsored events will be provided by the General Service Assembly and forwarded to the event's treasurer upon his/her selection. Seed dollar amounts are to be determined by the full assembly.
5. The Chairperson for the General Service Assembly event will be selected by a majority vote of the full assembly after the host area has been designated. (Usually on a rotating basis).

B. Event Chairperson's Responsibilities

1. Recruit a Co-Chairperson and committee to assist you.
2. A co-chairperson will be approved by the Planning Committee and/or the Chairperson and will be continually informed of all activities in the event the Chairperson becomes unavailable to continue his/her duties.
3. Select the hotel immediately. See page under "Hotel" for criteria for hotel selection.
4. If necessary, get music reserved. Many bands, disc jockeys, etc., are booked far ahead.
5. At least six months before the event, select the various committee people as needed from the geographic area of Area 50.

- f. Alateen Chairperson if Alateen is to be part of the event.

(Although the A.A. committee has nothing to say about the Al-Anon/Alateen activities, the information which they put together will be needed by the Program Chairman.)

6. Schedule a full committee meeting, preferably at the hotel where the event is to be held, if possible.
7. Pick a night for committee meetings for the balance of the time until the event.
8. The weekend of the event, the Chairperson and Co-Chairperson should not schedule any specific jobs for themselves since their presence may be required in many different areas.
9. If you want to have the event's speakers and panels recorded, you should contact the recorder at the earliest possible time. Sale of CD's that are not of A.A. speakers or non-conference approved shall be discouraged.
10. The committee could select gifts that may be given to each speaker. If desired, one person may be selected to arrange for the gifts and to gift wrap them for the event.
11. Make hotel reservations for the speakers when necessary. NOTE: The event's committee is responsible for the cost of the rooms for any speakers agreed to by the committee for having their expenses paid. The event's committee will also pay for the hospitality room if the hotel does not donate it.
12. The Chairperson will report progress of the Planning Committee to the Western New York General Service Assembly.
13. The Chairperson will give input and assistance to all committee Chairs as requested.

C. *Picking the Right Hotel*

1. Get prices and compare.
2. What will be charged for rooms for out of town guests?
3. Do you get free meeting rooms, or do you pay for them?
4. Are hospitality rooms free?
5. Can you bring in your own coffee or must you purchase it from the hotel? If you must purchase from the hotel, what will they charge?
6. Get a menu for the dinners so that you can make a selection. (Give the hotel your tax exempt certificate, if you have one.)
7. How much leeway are you permitted on dinner reservations. Some hotels will give you up to 10% over or under. Others have been known to require a minimum number.
8. When does your final count for dinner have to be given to the hotel? Most will tell you three to five days. If you have selected a "neutral" dinner menu, hotels have been known to permit A.A. to give them a dinner count late on Friday night, or even early on Saturday.
9. Pick a hotel which can be easily located by out of town guests.
10. Is a deposit required, and when – and to whom is the final bill to be paid?
11. Are microphones available for dinner and meetings?
12. Does the hotel have a safe that can be used during the weekend to keep cash from the Registration table and the Literature table?
13. Once your selection is made, GET A SIGNED CONTRACT !
14. When the flyer for the convention is made up, give a copy to the hotel so that there will be no misunderstanding as to what is needed.
15. Give the hotel the number of people who will be at the head table, if a head table is required.

16. The night of the dinner, request that the hotel give you a count of dinners they have served BEFORE THE DINNER IS OVER. You, in the meantime, have counted heads (or been given the number of dinner tickets sold, from the Registration Chairperson).
17. Check to see how many people will be seated at each table:
18. The Registration Committee will need to know how many tickets they can issue for each table.
19. Check to see if they have an "ice cream bar" available for Friday and Saturday nights. Ask for prices and the options available.

D. Responsibilities of the Program Chairperson

1. With the help of the entire committee at the first committee meeting, select a theme for the event. In selecting the theme as well as the topics for each panel it should be remembered that the event is a means of introducing and supporting service and the opportunities available in our area as well as A.A. as a whole.
2. Get the program times settled at this same meeting. You should determine when you will have speakers, when you will have panels and preferably in which rooms but this is not necessary at this time.
3. Get input from the committee members on guest speakers. The committee is to determine the number of guest speakers. Suggestions are:
 - a. One speaker for the opening of the event.
 - b. One as the main speaker for the dinner.

6. Decide who will give “Gratitude” speech at each panel and for each speaker if the committee decides this is necessary.
7. Contact all speakers, panel moderators and Talk a thon moderators and give each their date, time and topic. You should also make it clear to the panel moderators that they are to select the persons on their respective panels. You must also give them a deadline on when these names will be submitted to the Program Chairperson for inclusion in the printed program. Person’s name, home group and or town will be needed.

11. Assure that the Webmaster maintains secure access to the Websites server and that the Chair has all information required to access the site if necessary to assure its integrity.

F. Development

The following guidelines provide direction to the Area 50 Website Committee regarding site content and implementation. As technology evolves and our trusted servants sense the changing needs of the fellowship, those charged with building, guiding and maintaining the website will need to ask the fellowship to modify these guidelines, and the fellowship will need to trust our Web Committee to make appropriate recommendations. It is recommended that simplicity, ease of access and use, and maximum availability of information guide development and maintenance of the Area 50 Website.

1. The Website design will specifically contain concise messages and have simple, intuitive navigation via well referenced links.
2. Our website follows the GSO recommendations for how we share public information in general; therefore as GSO develops or changes its Web Site or PI guidelines, they will be reviewed and adopted as appropriate, informing the Area Assembly as we do so.
3. The information on the Area 50 Web site is to be primarily textual rather than graphical. No web page should take longer than about 30 seconds to download. However links to other A.A. entities, or information provided by them may not be limited as such. Ex: information that is static in nature such as the *Twelve Steps* or *A. A. Guidelines*.
4. In order to provide the optimum access to screen and print users, the Area 50 Website will generally not contain animations, images greater than 10kb (without thumbnails), or videos; but may link to such at the AAWS Website as we are encouraged to do so. Longer download times which are a result of users following links at other A.A. entities are strictly at the users discretion.
5. Maintenance of the web site is to be simple through the use of appropriate tools commonly used by others who must perform similar tasks. To facilitate maintenance and assist rotating Web Chair/Webmaster positions, the Area 50 Website will be developed to conform to W3C industry standards for desktop development. Software used to maintain the site may range from simple HTML editors to robust WYSIWYG web development platforms. This should also help keep costs at a minimum. If an outside technical advisor is used they will adhere to the guidelines within this document. Finally, the initial implementation of this site will use HTML and the CSS style sheet language which places page styling and presentation in a separate folder on the server. The CSS styling will also comply with W3C standards.
6. The Website will be readable without error by the current and at least two previous versions of Internet Explorer. Well known "techies" may be used to accomplish this to maintain compliance with newer Web Standards. It is also desirable to read the Website without error with Firefox, Iceweasel and Safari.
7. The Area 50 Website is to be hosted by a large, well-established web hosting company. It also is the responsibility of this Committee to find an appropriate web hosting company for our site if one has not been established or if there are substantial changes in the terms of the hosting agreement that necessitate a change.
8. The Website Committee and a delegation of three trusted servants from Area 50 (the Area 50 Web chair, Area 50 Chair and Area 50 Alternate Delegate) are to approve changes to the structure of the website. Structure means any general website organization changes such as changing basic navigation or the use of graphics.
9. The Area 50 Chair bears ultimate responsibility for all content that is published to the web site. The Area 50 Web chair is directly accountable to the Area 50 Assembly and will not allow content to be posted without the Area 50 Chair's consent unless otherwise specified in the Website Guidelines.
10. The Area 50 Webmaster will assure that the web site is archived whenever changes are made so that it may be easily restored if a catastrophic failure should occur. A backup should be kept for three iterations of changes.

GUIDELINES FOR WNY AREA 50 ARCHIVES

MOTTO

“Whenever a society or civilization perishes, there is always one condition present; they forgot where they came from.”

Carl Sandberg

Mission Statement –WNY Area 50 AA Archives

The WNY Area 50 Archives purpose is to receive, classify and index all related materials which are relevant to the origin and historical development of the fellowship of AA in Western New York Area 50. These materials include but are not limited to administrative files and records, correspondence, literature and artifacts.

Area 50 includes the following intergroups: Buffalo Central Committee; NYPENN; Niagara; and Genesee-Wyoming. The Archivist and Archives Committee will hold and preserve the materials, making access possible to members of WNY Area 50, mindful of maintaining the anonymity of our present and past members.

The Repository

The WNY Area 50 Archives is the repository of personal collections, manuscripts, publications, photographs, and memorabilia related to the history and fellowship of AA in WNY, that can be properly preserved and stored. The WNY Area 50 Archives Committee will collect items that fall into the following categories:

1. Literary-i.e. books, pamphlets etc.
2. Historical-i.e. flyers, program, correspondence, agendas, reports, records, etc.
3. Archival-i.e. administration, organizational, legal, financial items
4. Artifactual-i.e. photos, awards, citations, plaques, gavels, display items

Access to the Repository

Access to the Archival information will be guided by the necessity to protect the physical and intellectual integrity of the materials as well as to protect the anonymity of individual members. Requests for research shall be permitted with approval of the Archivist and the Archives Committee.

Archival Donations

The Archivist shall keep a permanent record of all donations. If the donation is an item of significant value, the donor will be requested to sign a transfer form indicating that the item henceforth belongs to WNY Area 50 Archives.

The Collection

All relevant AA publications, documents, and reports, both local and national can be considered materials for the Archives. It is recommended that the Archives Committee audiotape long-timers with permission, adding local oral histories to the collection. The Archives Committee is the custodian of the archival materials donated to the Archivist.

All material donated to the Archives should be noted and added to the Inventory List. The Archivist shall determine the conservation and preservation techniques necessary for items which are donated. Proper archival preservation techniques must be used by the Archivist to insure the permanent retention of the collection.

Housing the Archives

The WNY Area 50 Archives should be housed in a rented space (currently in the Buffalo Central Office). They should not be housed in individual members' homes. This precludes any difficulties concerning ownership if they were in a private home. It also makes accessible to the members of AA, the displays of archival materials.

Role of the Archives Committee

The Archives Committee is responsible to the WNY General Service Assembly. It is responsible for establishing policies, budgets, and procedures for the committee and the Archivist to function. It is responsible for taking and setting up displays at group anniversaries, Days of Sharing, workshops and conventions as requested. It maintains final responsibility and accountability for the use of the Archives. The Chair of the Archives Committee is elected for a two year term by the General Service Assembly and is responsible for holding monthly meetings of the Archives Committee. The Chair attends General Service Assembly meetings and gives a written report at the meetings. The Chair may also give reports at Central Committee or other Intergroups in WNY Area 50. The Secretary is responsible for taking minutes of the meetings of the Committee and submitting and compiling them in the archival files for future reference. The Secretary and Treasurer will serve at the behest of the Archives Committee.

The Treasurer is responsible for maintaining the checking account and disbursing funds as needed. The Treasurer will give monthly written reports of the finances, including group donations, to the Committee and to WNY GSA. The Treasurer shall establish an annual budget. There should be two signatories on the checking account.

The Archives Committee believes in the spirit of rotation. However, because of circumstances, officers may retain their positions at the request of the Committee.

Role of the Archivist

The Archivist will serve at the behest of the Archives committee and the WNY GSA. It takes considerable time to become familiar with collecting and preserving important historical information. Therefore, it is recommended that the Archivist position not be rotated frequently.

The Archivist maintains and protects the archival collection, documents, and artifactual items. The Archivist is responsible to maintain the anonymity of members and the confidentiality of the records. The role of the Archivist is both data gatherer and data protector.

The Archivist should be knowledgeable in conservation techniques. Outside help from local historical societies and professional archivists may be obtained to learn “hands on” conservation methods.

Collecting, Sorting, Filing, Cleaning, Retrieval, Conservation

The Archivist shall supervise the maintenance of the archival materials. The Archives committee or a subcommittee may assist the Archivist. The materials will be catalogued and arranged according to the general service structure. If there are duplicates, the best copy will be retained.

Staples should be removed. Materials that are worth preserving but are in poor condition will be conserved by methods learned by the Archivist.

Acid-free folders should be used for filing in acid-free boxes. After the materials have been arranged according to category, they may be filed chronologically.

An accurate method of retrieval should be developed for the materials, such as assigning numbers for stacks, shelves, and boxes. Materials should also be recorded on the computer and on disks or back-up files. Notebooks can be developed such as a “Finder’s aid” to assist in research.

Items should be categorized and kept on computerized records such as CDs.

The items may be categorized in the following ways:

1. Open to AA members only
2. Open to non-members
3. Open with the approval of the Archives Committee
4. Closed due to a request for confidentiality

Researchers must be told to maintain and honor the anonymity of members and that no photocopying of private correspondence will be allowed.

Travel Display

Whenever a group, convention, or event requests an archival display, the Archives Chair and Committee shall be responsible for transporting the

travel display and setting it up at the event. They shall also take it down and return it to the repository. Care must be taken when transporting items to minimize damage. Proper frames, notebooks, albums, boxes, etc. should be used to preserve damage.

Shifts shall be assigned at events that last for a day or longer. Food and Beverages will be discouraged in the Archives Display room.

Groups will be requested to give the Committee a minimum of 30 days notice prior to the display.

Oral and Written Histories

Members who have 20 or more years of sobriety may be interviewed regarding their experiences in AA. Past Delegates may be interviewed regarding their years of service. Relevant historical information may be obtained from other members.

The recording may be done in one of the following ways:

1. A written memoir;
2. An interview with a Committee member;
3. A taped session.

The interviews must have the permission of the interviewed and may be transcribed on written materials, the computer, or CDs. Histories of groups should be included on the Group History Questionnaire. A History may be developed of the WNY Area 50 from its beginning in the 1940's and 50's.

Taping Sessions

1. No video taping will be done.
2. The tapes are for the exclusive use of the WNY Archives Committee.
3. Allow sufficient time for taping and do the interview in a place where there is minimal distraction.
4. The emphasis of the interview is to be on the participant's time in the Program and the changes they have occurred over the years. It is not to be a drinking story.
5. Identify the interviewer on tape and the interviewed and the date of the taping. Ask for the sobriety date of the participant.
6. The interview may be one of reminiscence or the interviewer may follow the set of questions in the GSO Oral Histories Kit.
7. The interviewed will be asked to sign an assignment of copyright form.
8. The interviewer should refer to the GSO Oral Histories Kit.

Workshops and Support

The Archivist or a designee from the committee, should (if possible) attend the National Archives Workshop to learn techniques necessary for preservation and conservation of materials. This shall be financed by the Committee if there are sufficient finances. The Archivist may attend other workshops and seminars with the approval of the Committee and depending on the availability of funds.

If it is necessary for a committee member to attend a scheduled event, the Committee will provide the cost of the registration, if there are sufficient funds available.

The Handbook for Setting up an Alcoholics Anonymous Archival Repository, published by GSO should be the guidebook for the Archivist as well as the AA Guidelines for Archives. The Archivist should also contact other knowledgeable sources, such as Society of American Archivists who can assist in methods of preservation and conservation.

The Archivist shall receive \$200.00 for supplies which will be replenished as needed. Receipts of purchases will be given to the Treasurer.

Application for Position of Archivist

The Archivist is responsible for the Archives collection of WNY Area 50 GSA which is bordered by Lake Ontario, Lake Erie, and the Pennsylvania border. The applicant should apply to the Archives Committee. Such attributes as archival experience, interest in AA history, organizational and computer skills or strong willingness to develop these skills should be cited. The applicant should have at least 5 years of sobriety.

The applicant should have adequate time available to spend recording, conserving and preserving the archival collection. The applicant should be available to attend conventions, group anniversaries workshops, and days of sharing where there will be an archival display. An applicant should be willing to attend the national Archives Workshop and other learning experiences.

The Archives Committee will recommend to the Chair of WNY Area 50 GSA, their selection for Archivist. The chair of the WNY Area 50 GSA shall notify the Assembly who has been selected for Archivist.
